COMMANDING OFFICER'S STATEMENT ON SUPPORT FOR THE DEPARTMENT OF DEFENSE PRIORITY PLACEMENT PROGRAM

The Department of Defense (DoD) Priority Placement Program (PPP) has traditionally eased the adverse impact civilian employees face by providing outplacement assistance for those affected through actions such as:

- Reductions in force, base realignments, and closures.
- Consolidations, contracting out, position classification decisions.
- Rotation from overseas, and transfers of function.

This program is a strong, unified Defense-wide effort that influences recruitment and placement, by matching vacancies against the registration of surplus employees, and I am firmly committed to its utilization.

The management and staff of the Civilian Human Resources Office East (CHROE), Cherry Point Satellite Office, will administer the policies and procedures of the PPP. They will ensure that managers, supervisors, staff officials, and employees of our serviced activities are provided with the professional advice and guidance needed for program compliance.

I personally endorse the objectives of the Priority Placement Program, and ask for everyone's support to ensure we are the catalyst in taking care of our employees at all times. For further guidance or assistance related to the DoD PPP, please contact Civilian Human Resources East at (252) 466-2633.
