

UNITED STATES MARINE CORPS  
MARINE CORPS AIR STATION  
POSTAL SERVICE CENTER BOX 8003  
CHERRY POINT, NORTH CAROLINA 28533-0003

ASO 4235.11A  
LOGS

28 APR 2017

AIR STATION ORDER 4235.11A

From: Commanding Officer, Marine Corps Air Station, Cherry Point  
To: Distribution List

Subj: SERIAL NUMBER ASSIGNMENT FOR REQUISITIONS CITING DEPARTMENT OF DEFENSE  
ACTIVITY ADDRESS CODE M30146

Ref: (a) NAVSUP P-485  
(b) DLM 4000.25-1

Encl: (1) Serial Number Assignments for M30146 Activities  
(2) Serial Numbers for Material Delivery to M30146 Activities

1. Situation. Unique serial numbers are assigned to each Installation activity that uses an automated data processing system or manually submits a Department of Defense (DoD) Single Line Item Requisition System Document (DD Form 1348-6) to requisition material, supplies, equipment, etc. from the supply system to support Department of Defense Activity Address Code (DoDAAC) M30146 requirements. The use of assigned serial numbers allows requisitioners to generate multiple requisitions on the same day without creating duplicate document numbers, ensures requisitioners are easily identified, provides the proper delivery point for the receipt of requisitioned items and increases the likelihood that incoming material is delivered to the proper customer and correct delivery point.

2. Cancellation. ASO 4235.11.

3. Mission. To ensure, per the references, that serial numbers assigned to DoDAAC M30146 activities are used when constructing the requisitioning document number to order material, supplies, equipment, etc. from the supply system.

4. Execution

a. Commander's Intent and Concept of Operations

(1) Commander's Intent. To set policy and establish procedures for DoDAAC M30146 requisitioners to include a serial number as part of the document number when using an automated supply system to requisition material, supplies, equipment, etc.

(2) Concept of Operations. Serial numbers that DoDAAC M30146 requisitioners must use as the last part of the requisitioning document number are assigned in enclosure (1). Serial numbers are composed of four alphanumeric characters. The first two characters of the serial number allows for sequential numbering of each requisition, and the last two identify the requisitioning activity, the delivery location, and the point of contact. The last two characters of the serial number may also be referred to as the delivery code.

DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.

28 APR 2017

b. Coordinating Instructions

(1) Logistics Services Directorate

(a) Assign serial numbers as cited in enclosure (1) to each MCAS Cherry Point activity that uses DoDAAC M30146 to requisition items from the supply system.

(b) Maintain an accurate listing of delivery points and points of contact that correspond with the serial numbers assigned to each activity.

(c) Assist requisitioners with preparation and submission of requisitions.

(d) Utilize the delivery code, which is the last two characters of the serial number, to coordinate delivery of incoming material to the proper customer and delivery point in accordance with enclosure (2).

(2) Air Station Requisitioners. Utilize one of the automated supply systems listed below to enter M30146 requisitions into the supply system.

(a) DoD EMall (<https://dod.emall.dla.mil/auth/public/consent.jsp>).

(b) One Touch Support (<https://onetouch.navy.mil>).

(c) Use DD Form 1348-6 to manually submit requirements to the source of supply.

(3) Additional Resources. For additional information regarding the requisitioning process, refer to reference (b) Appendices 1.6 and 3.2, or contact the Customer Service Division, Logistics Operations Department, Logistics Services Directorate at (252) 466-7045/3541.

5. Administration and Logistics

a. Questions pertaining to the contents of this Order should be directed to the Logistics Directorate, MCAS Cherry Point.

b. Department of Defense (DoD) forms are located on the Defense Logistics Agency website at <http://www.dlmsa.dla.mil/elibrary/manuals/forms.asp>.

6. Command and Signal

a. Command. This Order is applicable to MCAS Cherry Point and its subordinate and supported commands, and all personnel citing DoDAAC M30146 on requisitioning documents.

b. Signal. This Order is effective the date signed.

T. W. FERRY

DISTRIBUTION: A

28 APR 2017
