AIR STATION ORDER 5090.12A

From: Commanding Officer, Marine Corps Air Station, Cherry Point
To: Distribution List

Subj: SALVAGE OF INERT DEBRIS

Encl: (1) Inert Debris Salvage and Removal Form

1. Situation. This Order establishes procedures for the reuse of salvageable material disposed of at the Land Clearing and Inert Debris (LCID) Landfill.

2. Cancellation. ASO 5090.12

3. Mission. To establish local policy and procedures for the reuse, recycling and reduction of wood, land clearing waste, and inert debris in accordance with applicable state and federal solid waste regulations.

4. Execution

a. Commander's Intent

(1) To properly manage the collection, segregation and disposal of wood, land clearing and inert debris and to allow the recycling and reuse by military and civilian personnel in accordance with applicable state and federal solid waste regulations.

b. Concept of Operations

(1) The Land Clearing and Inert Debris Landfill, located adjacent to Runway 14 L off of Access Road, is a facility permitted by the North Carolina Department of Environmental Quality (permit #25 -B) to accept inert / non-reactive material. The LCID landfill is open Monday through Friday (0700-1100 and 1215-1530) except holidays. Exception: When Combat Aircraft Loading Area (CAT-A) is being utilized for ordnance handling involving Hazard Class Division (H/ C/D) 1.1 & 1.2 explosives, an Explosive Safety Quantity Distance (ESQD) Arc of 1250 feet must be established. No operations or personnel will be allowed within the arc during HC/D 1.1 or 1.2 explosives evolutions.

(2) Materials that can be reused or recycled at the LCID landfill are as follows:

(a) Land clearing mulch from stumps, trees, limbs, brush, grass, and other naturally occurring vegetative material.

(b) Inert debris (concrete, brick concrete block, uncontaminated soil, gravel and rock, untreated and unpainted wood, and yard debris).

(3) The Facilities Maintenance Department is responsible for daily operations of the landfill and maintenance, repair, and upkeep of the scales. The landfill operator can be contacted at 466-6785. A maintenance operator is present at the landfill's weight scales during hours of operation. During nonoperational hours the access gate will be secured to prevent entrance into the LCID Landfill.

DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.

Coordinate on a daily basis, or when observed activities dictate, with Range Management that ordnance-handling evolutions are terminated prior to opening the landfill. Contact Range Management schedulers at 252-466-4040 or 252-466-4041. The operator's duties include:

- (a) Inspecting waste to ensure that the inert debris is acceptable for disposal at the LCID landfill.
- (b) Weighing and recording descriptions of all inert debris deposited in and removed from the landfill.
- (c) Ensuring that inert debris is placed in designated areas.
- (d) Ensuring that personnel are authorized to remove inert debris from the landfill for reuse.

(4) The Environmental Affairs Department is responsible for permitting, reporting and compliance oversight of the LCID operations.

(5) Personnel wanting to remove inert debris from the LCID landfill must complete the Inert Debris Salvage and Removal Form (enclosure 1). Forms are available at the Environmental Affairs Department, Bldg 4223, and must be renewed annually.

5. Administration and Logistics. Questions pertaining to the content of this Order should be directed to the Environmental Affairs Department.

6. Command and Signal. This Order is applicable to MCAS CHERPT, its subordinate and supported commands.

M. R. HUBER

DISTRIBUTION: A

Summary of Revision (ASO 5090.12):

This paragraph will be used to briefly summarize the changes that are listed below.

ASO 5090.12(Current)	ASO 5090.12A(Revision)
Incorrect formatting (throughout document)	Revised to fit SMEAC formatting (to include font, numbering, etc.)
Commanding General, Marine Corps Air Station, Cherry Point	Changed to: "Commanding Officer, Marine Corps Air Station, Cherry Point"
Paragraph 2 – "<u>Cancellation</u>. AirStaO 4570.3A."	Changed to: " <u>Cancellation</u> AirStaO 5090.12"
Paragraph 4.a. "<u>Commander's Intent and Concept of Operations</u>"	Deleted

INERT DEBRIS SALVAGE AND REMOVAL (5090) MCAS CHPT 0100 (REV 01-22) (EF)	THIS FORM WILL BE TURNED OVER TO THE LANDFILL OPERATOR BEFORE ENTERING LANDFILL
--	--

INERT DEBRIS SALVAGE AND REMOVAL FORM
Marine Corps Air Station Cherry Point North Carolina

1. You are hereby authorized to collect inert debris (wood, mulch, concrete, and bricks) from the Air Station Land Clearing and Inert Debris (LCID) Landfill. This authorization is being granted gratuitously by the U.S. Government and can be revoked at any time. By your signature below you acknowledge and agree to the terms of this authorization.
2. The landfill is fully operational and inherently dangerous to those who enter the premises. Anyone entering the premises assumes all risk of personal injury and property damage, including, but not limited to, severe Injury or death resulting from or during collection of materials from the landfill.
3. You agree to release and hold harmless the United States Government, including the United States Marine Corps and its officers, employees, agents, personnel, successors and assigns, from and all chains, damages, liabilities, losses, Injuries, deaths, and costs and expenses including attorney's fees, and cost of suits arising out of or claimed on account of granting of access to the MCAS Cherry Point Landfill and the materials thereby provided by the United States Government. You agree that this release also binds your family, heirs, assigns, administrator, and executor.
4. All persons must provide full legal name and signature. Children under 18 years of age are not authorized to enter the landfill.
5. To facilitate future scrap wood collection and removal efforts, you have the option to be added to an Authorized User List (AUL). Inclusion on the AUL will eliminate the need for a Scrap Wood Collection and Removal Form each time you enter the landfill for scrap wood collection and removal. The AUL will be valid for one calendar year at which time a new Inert Debris Salvage and Removal Form will need to be completed and signed. The government reserves the right to remove a name from the AUL at any time. Inclusion is entirely voluntary.

Initial here If you wish to be added to the Authorized Use List. By Initialing, you acknowledge that the waivers set forth in this document will remain In effect for any and all visits made to the Air Station Land Clearing and Inert Debris (LCID) Landfill. Please note that there will be a time lag between submittal of this form and addition to the AUL.
6. By your signature below, you agree to the terms of the Inert Debris Salvage and Removal Form.
