AIR STATION ORDER 1000.9A

From: Commanding Officer, Marine Corps Air Station, Cherry Point  
To: Distribution List

Subj: FLEET ASSISTANCE PROGRAM (FAP)

Ref: (a) MCO 1000.8  
(b) MARADMIN 214/06

Encl: (1) FAP Billets  
(2) FAP Orders  
(3) Anti-Terrorism Force Protection (AT/FP) Augmentation  
(4) Personnel Screening and Weapons Handling Screening Form

1. Situation. To publish policy and guidance to Marine Corps Air Station (MCAS), Cherry Point and 2d Marine Aircraft Wing (2d MAW) Commanders regarding the FAP.

2. Cancellation. AirStaO 1000.9.

3. Mission

a. The FAP is the assignment of tenant Fleet Marine Force (FMF) personnel to MCAS Cherry Point on a temporary basis. FAP personnel augment or assist Station with the accomplishment of many tasks necessary to provide support to the operational forces. The intent of the program is to achieve full use of personnel, ensure maintenance of occupational skills, and reduce the number of personnel chargeable to Station support and administration.

b. Per reference (a), Commanders are directed to conduct the FAP and adhere to the policies, instructions, and guidelines within this Order.

c. The assignment of personnel to the FAP outlined in this Order reflects peacetime conditions. The combat operational tempo within 2d MAW may determine that certain Billet Identification Codes (BICs) be gapped until sufficient support becomes available at the conclusion of operational commitments abroad. Billets that

DISTRIBUTION STATEMENT A: Approved for public release;  
distribution is unlimited.

will be gapped due to operational commitments will be coordinated between the Military Personnel Section (MILPERS), Manpower Directorate and 2d MAW G-1.

4. Execution

a. Commander's Intent and Concept of Operations

(1) Commander's Intent. This Order provides guidance for the management of the FAP at MCAS Cherry Point. Assignment of personnel to the FAP will be accomplished pursuant to the guidance contained in this Order. MCAS Cherry Point and 2d MAW Officers will exercise joint cognizance over all aspects of the FAP.

(2) Concept of Operations. This Order delineates guidance required for the effective management of the FAP, assignments of personnel to fulfill Categories I, II and III requirements, as well as staffing procedures by category contained in enclosure (1). Station and Wing will comply with the intent and content of this Order.

(a) Category I (CAT I) FAP. Personnel whose military occupational specialties (MOS) are peculiar to support type activities required for the operation of the Air Station. These support type personnel are generally not required in garrison by the tenant organization, but deploy with the operational forces when required. MOSs of CAT I FAPs commonly include cooks, bulk fuelers, air traffic controllers, and crash-fire-rescuers.

(b) Category II (CAT II) FAP. Personnel whose MOS is common to both FMF and supporting establishments. Examples of MOSs that are common to both activities include drivers, communicators, and operational clerks.

(c) Category III (CAT III) FAP. Personnel who fill Category III billets provide services outside their MOS.

b. Subordinate Element Missions

(1) 2d MAW Unit Commanding Officers

(a) Assign Marines to the FAP per enclosure (2).

(b) Assignments to the FAP and replacement issues will be coordinated through the 2d MAW G-1. Wing parent commands should coordinate all administrative and disciplinary matters pertaining to Marines on the FAP directly with the S-1 Administrative Chief, Headquarters and Headquarters Squadron (HQHQRON), MCAS Cherry Point.

(2) CO, HQHQRON, MCAS Cherry Point. Provide parent command with notification on recommended discharges of Marines assigned to the FAP.

c. Coordinating Instructions

(1) Information

(a) CAT I: No minimum tour length.

(b) CAT II: Standard tour is one year.

(c) CAT III: Standard tour is six months to one year.

(d) Requests to shorten or extend a CAT II tour will be by mutual agreement between Station and 2d MAW Personnel Officers. Requests to shorten or extend CAT III billets will be initiated by 2d MAW Unit Commanders and forwarded through the Group to 2d MAW (G-1) for action.

(2) Staffing Policy. Staffing procedures by category are defined as follows:

(a) CAT I: Commanders will assign CAT I personnel, as noted in enclosure (1), exclusively to the FAP. Retention of CAT I personnel within 2d MAW units will be limited or mutually agreed upon between the Station and 2d MAW Personnel Officers.

(b) CAT II: Commanders will provide replacements for CAT II personnel, allowing sufficient time for a three-day turnover or as noted in enclosure (1). Exceptions will be coordinated between the Station and 2d MAW Personnel Officers.

(c) CAT III: Commanders will provide replacements for CAT III personnel, allowing sufficient time for a three-day turnover or as noted in enclosure (1). CAT III personnel assigned as a range coach will require a 15-working day turnover

due to the required three week coaches course. CAT III personnel assigned to SES may require a ten working day turnover due to scheduling Preventative Health Assessment (PHA) medical evaluations.

(d) FAP orders for personnel movement between 2d MAW and the Air Station are shown in enclosure (2).

(e) Grade and MOS substitutions will be considered on a case-by-case basis and resolved by 2d MAW and Station Personnel Officers.

(f) A current medical screening within the last year or PHA, and a MCASCHERPT/SES/5300/1 Form, enclosure (4), must be completed and attached to the FAP Orders prior to fapping to Station.

(g) Personnel in the following categories will not be assigned to the FAP.

1. Currently in a disciplinary status.
2. Pending an administrative discharge.
3. On light or limited duty (case-by-case exceptions may be mutually agreed upon if the Marine is able to perform the duties of the FAP billet).
4. Have chronic physical problems or assigned to the weight control/personal appearance or remedial physical training programs, any of which can lead to medical or administrative separation. Case-by-case exceptions may be mutually agreed upon if the Marine is a first-time assignment and satisfactory progress is being made towards meeting their composition goals as outlined in current directives.
5. Received Nonjudicial Punishment (NJP) in the last six months (case-by-case exceptions may be mutually agreed upon).
6. Received more than one NJP or courts-martial during current enlistment. Marines who receive an NJP or court-martial for reasons of moral turpitude or illegal drug activity will not be considered for billets where trust and confidence are required for the billet (e.g., Barracks Manager, SES, JLC).

7. Received more than two page 11 entries within the last 12 months. The Station and Wing Personnel Officers will coordinate exceptions.

8. Currently assigned aftercare or command directed counseling.

9. Have displayed a pattern of substandard performance or unacceptable conduct or behavior during the past six months.

10. Recently, within the last year, completed a PMOS-producing school.

(h) Personnel who enter a disciplinary status while assigned to a FAP billet will be retained by the CO, HQHQRON, MCAS Cherry Point until all disciplinary action has been completed.

1. MCAS Legal Section will notify 2d MAW (G-1) of any legal proceedings initiated against a 2d MAW Marine assigned to the FAP program. Subsequently, this information will be forwarded to the Marine's parent command.

2. Should the Marine be unable to perform his/her duties as a result of the disciplinary action or when it may not be appropriate to continue to work in that billet (i.e., a Communications Center Operator who has his/her security clearance revoked), he/she will be returned to their parent command within five working days. A replacement will be provided not later than five working days following the disciplinary action. Normally, a Marine will not be defapped solely based on an NJP or page 11 entry. Exceptions will be by mutual agreement between the Station and Wing Personnel Officers.

3. In the event that the Marine commits an offense that results in a separation, the following actions apply:

a. Category I FAP. The Marine will complete all legal and separation proceedings with Station to allow the Marine to continue working within his/her MOS. Once these proceedings are completed and the 10-day letter is received, the Marine will be defapped to his/her parent unit for final processing. A replacement would be provided at this time.

b. Category II FAP. The Marine will be defapped upon determination that administrative separation is appropriate. All administrative separation processing will be initiated and completed by the parent command. A replacement will be provided not later than five working days following defap.

c. Category III FAP. The Marine will be defapped upon determination that administrative separation is appropriate. All administrative separation processing will be initiated and completed by the parent command. A replacement will be provided not later than five working days following defap.

d. Punitive Discharge. Upon notification that a Marine has been awarded a punitive discharge from a courts-martial, the Marine will complete all legal proceedings and/or confinement with Station. Upon legal completion or release from confinement, the Marine will be defapped to his/her parent unit for appellate leave approval. Upon receipt of the convening authority's action, notification will be made to 2d MAW so that the parent unit can transfer the Marine by Service Record Book (SRB) to the Navy and Marine Corps Appellate Leave Activity (NAMALA).

4. Marines entering an unauthorized absence (UA) status will not require a replacement while assigned to the FAP program. However, once a Marine enters a deserter status, the Marine will administratively defap to the parent command by SRB. At that time, a replacement must be identified to fill the FAP billet. Any subsequent legal proceedings will be applied as appropriate.

(i) Unit Deployment Program (UDP)/Operations and Exercises. Marines will be returned to their parent command 30 days prior to deployment for regularly scheduled unit deployments only. A replacement will be provided not later than 30 days prior to their Estimated Departure Date (EDD).

Squadrons returning from UDP are not required to participate in the FAP until 30 days after returning to MCAS Cherry Point.

(j) Marines being Discharged, Released from Active Duty or PCSing. Marines with an upcoming Expiration of Active Service (EAS) or Permanent Change of Station Orders (PCSO) will be returned to their parent command and a replacement will be

provided prior to their EDD. The Marine's parent command is the approving authority for terminal leave and is responsible for all administrative functions in conjunction with PCSO (i.e., port call, area clearance, and generating orders).

(k) Naval Aviators, Naval Flight Officers, and Aircrew. Aeronautically designated personnel assigned to the FAP are, if required, expected to maintain proficiency and meet assigned flight hour minimums in their aircraft model commensurate with their MOS. Requests for authorization to fly Station aircraft will be submitted via the chain of command. FAP aircrew may be authorized to fly as crewmembers in Air Station aircraft if qualified.

(l) Antiterrorism Force Protection Augmentation. Enclosures (1) and (3) address the manning requirements aboard the Air Station to support Security and Emergency Services and to ensure the collective security for both Station and 2d MAW as warranted by current threat condition levels.

(m) Periods of TAD While Assigned to the FAP. Wing Marines assigned to Category II or III billets normally will not be sent TAD by Station sections unless mutually agreed upon by both the Station Manpower and Wing Personnel Officers.

(3) Billeting. Single CAT I personnel will be billeted in the HQHQRON barracks. Single CAT II and III personnel will remain in their parent command's barracks. Married CAT I, II and III personnel will report any change of unit to the housing office if they occupy government quarters.

(4) Personnel Action Request (PAR). Category II and III personnel submitting career type PAR (e.g., reenlistment, extensions, lateral moves, special schools, Marine Security Guard (MSG) duty, recruiting duty, and drill instructor duty) will route them through their parent command for endorsements.

(5) CAT II and III personnel shall not be used for any periodical assignments such as road police, but may be used for additional duties such as unit duty sections, Award and Retirement platoons, burial details, Air Show working parties, etc.

(6) Additional duties will not exceed 30 days in duration unless mutually agreed upon with Wing and Station Military Personnel Officers.

(7) Operations and Exercises of 30 days or less. Marines who are required to return to their parent unit for a period of 30 days or less will not be required to check-out from the Installation Personnel Administration Center (IPAC), but will accomplish the following:

(a) All requests for periods of temporary DEFAP will be initiated by e-mail from the Marine's parent command. The request will be sent to 2d MAW Wing Personnel.

(b) Wing Personnel will coordinate with MCAS MILPERS. An extension or a change in the original requested period requires notification to Wing Personnel (G-1).

(8) Range FAP Billets. These billets will be staffed to assist Wing Unit Commanders in providing qualified replacements. In addition, the following guidelines will be adhered to:

(a) Due to the required three week coaches school, a 15-working day turnover is mandated.

(b) No LCpl or below recently completing a PMOS-producing school will be assigned.

(c) Marines fapped to the range must have a minimum of 12 months left on their current contract. Exceptions to this rule will be made on a case-by-case basis; however, not less than 9 months until EDD.

(d) Per reference (b), Staff Noncommissioned Officers (SNCO) must complete the Range Safety Course (RSC) Basic-Distance Learning program prior to their range FAP assignment. Once the SNCO is fapped to the range, the individual will complete the local range safety certification program before being able to perform their duties. It is recommended that Sergeants also complete the RSC in lieu of SNCOs not being available to fulfill range FAP billets.

5. Administration and Logistics. Questions regarding this FAP Order should be addressed to the respective 2d MAW G-1 or MCAS Manpower officials.

6. Command and Signal

a. Command. The Commanding General, 2d MAW, concurs with the content of this Order insofar as it pertains to the members of his command.

b. Signal. This Order is effective the date signed.

ROBERT D. CLINTON  
Executive Officer

NOTES

- Note 1 - Typing ability required.
- Note 2 - Civilian driver's license required.
- Note 3 - Not to be filled by trainees.
- Note 4 - Prefer unmarried personnel due to remote duty site.
- Note 5 - Rates Basic Allowance for Subsistence (BAS) due to nature of billet.
- Note 6 - Must be a SSgt or above and fill the billet for 18 months.
- Note 7 - One year FAP billet.
- Note 8 - Personnel utilized as vehicle operators must meet the following prerequisites:
- a. Valid Security Clearance.
  - b. Valid Military Operator's Permit.
  - c. Valid Explosive Driver's License.
  - d. Explosive handler physical (720) OPNAV 8020-6
- Note 9 - Rates 10 working days for turnover due to equipment.
- Note 10 - Must have at least one year in grade. Must be on second or subsequent enlistment (waiverable). Must have completed the Sgt's Distance Education Program (SgtDEP) non-resident PME course, the SNCO Academy Sgts Residence Course (SNCOASC) (may be waiverable during interview), and completed Leading Marines MCI. Must be in a full duty status and medically qualified for daily participation in a thorough physical readiness program (not waiverable). No existing family or financial hardships (not waiverable). Must meet height/weight standards IAW current Marine Corps regulations including military appearance (not waiverable). Must be able to climb obstacle course rope. Must have first class PFT with run time for 3 miles under 24:00 minutes (male or female; not waiverable). Must possess a high level of maturity, a positive mental attitude and a sincere desire to train and mentor Marines. Additionally, this billet requires a turnover of at least ten (10) working days.

24 Feb 11

Note 11 - This billet has been approved for military to civilian conversion and will be deleted from the FAP agreement. However, until the current hiring freeze is lifted, Wing units will continue to provide personnel as needed.

Note 12 - Group taskings were provided by 2d MAW G-1.

Note 13 - Grade requirement cannot be waived.

Note 14 - Two months tour; must have driver's license and must meet requirements in paragraph 4.c.2.g.

ANTI-TERRORISM FORCE PROTECTION (AT/FP) AUGMENTATION

MEMORANDUM OF AGREEMENT

BETWEEN

COMMANDING GENERAL, II MARINE EXPEDITIONARY FORCE

AND

COMMANDING GENERAL, MARINE CORPS INSTALLATIONS EAST

Subj: II MARINE EXPEDITIONARY FORCE (II MEF) FORCE PROTECTION  
SUPPORT TO MARINE CORPS INSTALLATIONS EAST (MCIEAST)

Ref: (a) DoDI 2000.16  
(b) CG MCIEAST DPS 191430Z Nov 09  
(c) Baseline Installation FPCON Augmentation Requirements  
(For Official Use Only (FOUO))  
(d) DoDI 2000.18  
(e) MCO 3440.8

1. Purpose. This Memorandum of Agreement (MOA) between Commanding General, II MEF and Commanding General, MCIEAST establishes II MEF augmentation support to MCIEAST installations during elevated Force Protection Conditions (FPCONs) and Chemical, Biological, Radiological, Nuclear, and High-Yield Explosives (CBRNE) events.

2. Command Relationships. In the supporting/supported command relationship during a crisis event, II MEF will normally be the supporting command and MCIEAST the supported command.

3. Background

a. FPCON Security Force Augmentation Support. Per reference (a), MCIEAST installation commanders developed site-specific FPCONs and associated measures for responding to terrorist threats. Per reference (b), installation commanders reviewed existing FPCON security force augmentation requirements, identified shortfalls, and validated the requirements during antiterrorism exercises. Reference (c) is an estimate of actual FPCON security force augmentation requirements. This validation determined that manning requirements during elevated FPCONs exceed the installation on-hand strength. Consequently, installation commanders entered into augmentation support agreements with their II MEF tenant commands. This MOA supersedes and replaces all existing FPCON agreements, in whatever form, between MCIEAST installations and their II MEF tenant commands.

M67358-090518-A001

Enclosure (3)

Subj: II MARINE EXPEDITIONARY FORCE (II MEF) FORCE PROTECTION  
SUPPORT TO MARINE CORPS INSTALLATIONS EAST (MCIEAST)

b. CBRNE Augmentation Support. Per references (d) and (e), MCIEAST installations are required to detect, deter, and defend against CBRNE events. CBRNE response missions are manpower and resource intensive. II MEF CBRNE augmentation support will enhance installation CBRNE response capabilities.

4. General Provisions

a. Parties. This MOA establishes guidelines for II MEF augmentation support to MCIEAST installations during elevated FPCONS.

b. Reimbursement. There are no reimbursable costs associated with this MOA.

c. Support. Each party will assume responsibility for the requirements delineated in this MOA. Supported installations will provide basic life support functions to II MEF augmentees. Life support includes, but is not limited to, billeting and messing facilities. Supported installations will also provide II MEF augmentees with ammunition for assigned weapons and an approved weapons storage facility if a II MEF tenant facility is unavailable. Each party is responsible for the performance and function within its mission.

5. Specific Provisions

a. Upon notification of an elevated FPCON or CBRNE event necessitating augmentation, installations will identify augmentation requirements to MCIEAST, who will coordinate with II MEF for support.

b. II MEF will provide augmentation support to MCIEAST installations within capabilities during elevated FPCONS. MCIEAST baseline augmentation requirements are provided in reference (c), which is maintained by MCIEAST G-3, and is available at:

<https://intranet.mcieast.usmc.mil/C3/CI17/FPCONCBRNE%20MOA/default.aspx>

Personnel requesting access to reference (c) must contact MCIEAST G-3, Operations and Plans Division, Mission Assurance Program Manager or Antiterrorism Program Manager.

c. II MEF will provide CBRNE augmentation support, within capabilities, to MCIEAST installations during CBRNE events.

Subj: II MARINE EXPEDITIONARY FORCE (II MEF) FORCE PROTECTION  
SUPPORT TO MARINE CORPS INSTALLATIONS EAST (MCIEAST)

d. II MEF augmentation support will be contingent upon available manpower. MCIEAST and II MEF operational requirements will not diminish during elevated FPCONs, and in some cases they may increase. MCIEAST, II MEF, and tenant commands will remain capable of supporting deployment requirements, Defense Support to Civil Authority missions, and other contingencies.

e. II MEF augmentation support will be provided only when all other MCIEAST installation organic resources are expended.

f. MCIEAST installation security forces will work two 12-hour shifts when in FPCON Charlie and Delta. II MEF augmentation will not relieve MCIEAST security forces of their duties for the purpose of routine shift schedule, execution of annual leave, assignment of temporary additional duty, etc.

g. Installation security force training will be reduced to the minimum required to maintain qualifications/certifications.

h. All non-essential MCIEAST installation services will be cancelled during elevated FPCONs, unless otherwise directed by the installation commander.

i. All non-essential installation access control points and flight line gates will be closed during elevated FPCONs, unless otherwise directed by the installation commander.

j. MCIEAST FPCON manning requirements will be revalidated annually and provided to II MEF.

k. II MEF will provide CBRNE response forces for installation CBRNE exercises and training events, when personnel are available and the requested support would not detract from II MEF's primary missions.

#### 6. Review, Modification, or Cancellation

a. This MOA will be reviewed periodically to determine current applicability and the need for continuation or modification. It may be modified at any time upon mutual consent and agreement of the parties. In the event the parties wish to cancel this MOA, a written notice will be given at least 120 days prior to the proposed date of cancellation.

b. Unresolved differences concerning this MOA will be elevated for resolution through each activity's respective chain

Subj: II MARINE EXPEDITIONARY FORCE (II MEF) FORCE PROTECTION  
SUPPORT TO MARINE CORPS INSTALLATIONS EAST (MCIEAST)

of command. Final resolution authority rests with the parties' respective chain of command.
