Scuba Diving Tanks: Only those scuba diving tanks containing not more than 25 pounds per square inch at 70 degrees Fahrenheit may be shipped as household goods or unaccompanied baggage. Servicing scuba diving tanks for shipment will include:

Written certification of purging serviced by dive shop or licensed individual qualified to perform purging. (A tag or label must be affixed to the tank certifying service was performed.)

Completely empty tank, remove the valve, and replace valve with plug designed for this purpose.

Propane Tanks: As of May 2000 propane tanks can no longer be shipped in your Government Procured Household Goods move. Propane tanks are considered hazardous materials regardless if they are purged or not.
