Marine Corps Air Station
Cherry Point

ECONOMIC
2013
IMPACT

Commanding Officer's Message

It is with great pleasure that I present Marine Corps Air Station (MCAS) Cherry Point's Fiscal Year (FY) 2013 Economic Impact brochure, representing the Marines, Sailors, and Civilians who call Eastern Carolina home and are an essential part of our country's national defense team.

MCAS Cherry Point is a comprehensive supporting establishment to the 2d Marine Aircraft Wing and the Fleet Readiness Center East. Together with our tenant commands, we continue to play a vital role in the economic stability of Eastern North Carolina, significantly contributing to the economic health of the entire state. As citizens and responsible stewards of tax payer dollars, we understand our inherent influence on the economic growth and development of the areas surrounding the air station.

During FY 2013, MCAS Cherry Point endured complications from sequestration and personnel furloughs, yet our overall economic impact was \$2.162B. The salaries paid to active duty and retired military, and current and retired civilians totaled more than \$1.215B. Over \$199M in contracts were awarded, ensuring mission readiness for MCAS units while engaging a wide variety of private contractors and service professionals.

This brochure is produced to assist government officials, business leaders, civic organizations and local citizens in meeting planning and development requirements. As a guiding principle, the Air Station will continue to foster positive relationships with our local community to further mutual interests and commitments.

C. PAPPAS III
Colonel, US Marine Corps
Commanding Officer
