

**UNITED STATES MARINE CORPS  
Marine Corps Air Station Cherry Point  
COMMUNICATION STRATEGY AND OPERATIONS**

---

**PRESS ADVISORY** No.: 20220505-001

## **Cherry Point Notice of Increase in Training**

**MARINE CORPS AIR STATION CHERRY POINT, N.C. (May 5, 2022)** — Throughout the month of May, MCAS Cherry Point and its outlying fields will have various units using the range areas for training.

Residents can expect to see heightened military training and aviation activity at Marine Corps Outlying Fields Oak Grove and Atlantic. Residents in proximity to MCOLF Atlantic can expect noise common to rotary-wing aircraft, and increased military vehicle traffic during the week of May 12. Residents living near MCOLF Oak Grove can expect recurring operations on different days throughout the month, with training taking place as late at 10 p.m. in some occurrences.

Additionally, residents living in proximity to MCAS Cherry Point may hear the occasional explosion from Explosive Ordnance Disposal Marines conducting routine training.

Questions can be directed to Cherry Point's Communication Strategy and Operations Office at 252-466-4241 or [cherrypoint@usmc.mil](mailto:cherrypoint@usmc.mil).
