## **Military training at MCALF Bogue**

**MARINE CORPS AIR STATION CHERRY POINT, N.C. (May 13, 2021)** — Marine Corps Air Station Cherry Point Range Operations will facilitate a training event which includes aircraft and watercraft at Marine Corps Auxiliary Landing Field Bogue, North Carolina mid-May.

Local residents may experience additional noise in and around the vicinity of the landing field and Intracoastal Waterway during this time.

In order to provide a realistic environment for the training, some of the activity is expected to occur in the early morning and evening hours. To ensure the highest measure of safety for all, there are no media or public viewing opportunities available.

Please pardon any inconvenience this training may cause. Thanks to the community for your continued support of our service members.

MCAS Cherry Point's facilitation of this training supports new and innovative capabilities consistent with the Commandant's Force Design 2030 initiatives and furthers the capabilities of the Navy and Marine Corps.
