Timber harvesting operations at OLF Atlantic

MARINE CORPS AIR STATION CHERRY POINT, NC (Aug. 3, 2021) — Mike Goodson Logging, under contract with Marine Corps Air Station Cherry Point Environmental Affairs Department, will be conducting timber harvesting operations at Marine Corps Outlying Landing Field Atlantic beginning the week of Aug. 1-7 and continuing for about three months, as weather dictates. The operations are expected to increase traffic activity on roadways to and from MCOLF Atlantic, as it will involve the movement of logging trucks hauling timber. It is not planned that traffic will be routed through the town of Atlantic.
