

NEWS RELEASE No.: 20210917-001

Updated App for MCAS Cherry Point Air Show

MARINE CORPS AIR STATION CHERRY POINT, NC (Sept 17, 2021) — Marine Corps Air Station (MCAS) Cherry Point offers a free application to download to better enhance spectators' ability to enjoy the show.

The updated app features pertinent information that can be found on the air show's website but in a more convenient platform and it offers some unique benefits to spectators. It provides in-the-moment notifications for weather delays and schedule changes, and it allows spectators to save their parking location by GPS in order to easily make their way back to their vehicle after the show.

Those that have downloaded the app from previous air shows should ensure they have the updated version to receive the most accurate information.

To download the app, go to your mobile device's app store and search "Cherry Point Air Show".

The MCAS Cherry Point Air Show will be a two-day, daytime event on Sept. 25 and 26. People are reminded to go to <http://cherrypointairshow.com> to get a complimentary pass for their vehicle.
